EXECUTIVE DIPLOMA IN FINANCIAL MANAGEMENT

Finance remains the bottom-line of every decision in the corporate sector. Given its centrality, efficient financial management within the contours of accounting procedures and compliance requirements determines not just the success a corporate entity but also the economic development in general. In today’s business environment, effective financial management goes far beyond the knowledge of accountancy. It demands a clear understanding of financial markets, portfolio management, and taxation processes and other statutory and corporate requirements.

Course Objective:

To equip financial managers, business executives, and other aspirants with financial orientation with all the nuances associated with the techniques and procedures of financial management.

Course Content:

First Semester

1. Basic Financial Accountancy 4
2. Financial Management 4
3. Financial Markets 4

Second Semester

4. Direct Tax Management 4
5. Cost and Management Accounting 4
6. Security Analysis & Portfolio Management 4
