

PROGRAMMES

The LIBA Programme of Executive Diploma in Management offers the choice of selecting among eight areas of management specialisations. The context, objective, and course plan for each of these specialisation areas are detailed below.

HIGHLIGHTS OF THE PROGRAMMES

- Streamlined and well-programmed to provide the best inputs in management education and application.
- Designed to impart knowledge, sharpen personal and managerial skills, and widen and deepen the knowledge base in the area of specialization.
- Innovative curricula constantly revised and updated to respond to the emerging challenges and changing needs of the corporate world.
- Delivered by distinguished faculty closely involved in the personal and professional development of each student.
- Aimed to inculcate the positive attitude and the right values essential for creating competent executives and managers of tomorrow.
- Intended to instil a deep sense of commitment to academic excellence, professional ethics, and social responsibility.

The Programmes are offered in week-end format in which classes are held between 05.15 pm and 08.30 pm on Saturdays and between 10.00 am and 01.15 pm on Sundays. Courses have three credits covered over 16 sessions of one hour and 30 minutes each.

Contact the Admissions Office for further details.

Executive Diploma in LOGISTICS AND SUPPLY CHAIN MANAGEMENT

The programme leading to the Executive Diploma in Supply Chain Analytics and Management is designed as a structured learning system in Logistics and Supply Chain management domain from managerial, analytical and applied practice perspectives. Although it is intended essentially for the working professionals, the program can also provide fresh graduates with better prospects by inculcating strong foundation in terms of knowledge and skills in SCM arena. This course provides strong employment opportunities at managerial level in organizations. This course enhances opportunities for candidates who want to do higher education like M.S., in foreign universities in the area of Logistics and SCM.

The programme is designed with learning modules based on analytical approaches and software applications with all-round development in terms of knowledge, skills and attitude. This course is highly relevant for industry like Automobile, Retail, E-commerce, 3PL, Shipping, Manufacturing and related service sectors also. This course trains you on eight subjects which are offered in four modules of two subjects each.

Pedagogy:

Classes would be through class room sessions, lab work and a numerous applications and case discussions. There would be some virtual support that would be available. Wherever there is scope for providing supplementary learning in these subjects, the same would be supported by faculty.

Schedule:

The programme would be taught during Saturday and Sunday at LIBA campus, Chennai. Typically in a week end students would have to spend about five hours on Saturdays and three hours on Sundays.
