

HAPPY TEACHERS DAY!!!

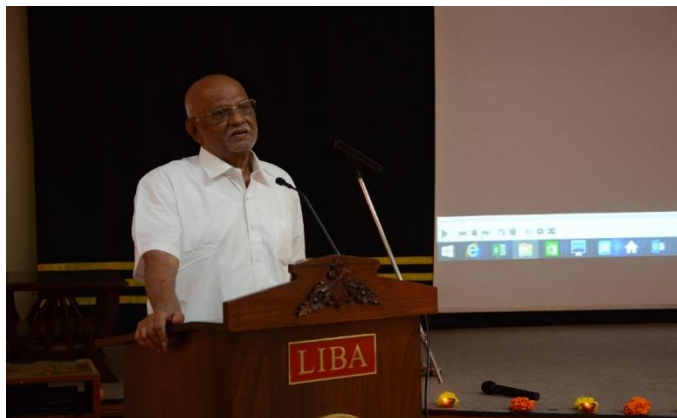

FROM  
THE  
360°  
TEAM

# “Teaching is a profession that teaches all other professions”

With this quote on our minds we started our Teacher’s day celebrations on the 14<sup>th</sup> of September at 11.00 AM in the Auditorium of LIBA.

## The speeches

On assembling in the auditorium, the MC began the program by welcoming everybody and calling on stage, Father Christie, Anthuvan Sir and Revathi Mam. All of them shared their journey on becoming a teacher and cited profound memories in their teaching profession.

## Lighting the Lamp

Teachers are the ones who dispel darkness from us and brighten our lives. So the traditional lamp was lit by Fr. Christie, Fr. Maria Wenisch, Revathi mam and as student co-ordinators the lamp was lit by Karthik Kumar from F16 and Abinaya from F17.

## The performance

After the enlightening speech, it was time for the musical performance by F17, which included proficient musicians and singers like Jeffrey and Rahul Rayer. This performance was a fusion of English songs which were dedicated to teachers.

## The dedication video

After igniting a spark in the hearts of all our beloved teachers then came the dedication video which got all of us emotional. The video comprised of pictures of all the teachers from when they started their teaching profession and there was a dedication from the students of F17s as well as the F16s batch about how teachers helped moulding their career. The alumni of LIBA also made a dedication video wherein they shared their memories with teachers and the importance of their words and how that enhanced their lives.

## The cake cutting

A special occasion or celebration cannot conclude without a beautiful cake. A small cake makes any event more interesting and spreads happiness everywhere and enthusiasm of any occasion gets doubled if it includes a cake symbolizing thanksgiving. Hence we had all our teachers cut the cake and made sure each of them had a piece of it. The students were provided with sweets and snacks as well.

## The Gifts

All the teaching and non-teaching staff were presented with a special card and a memento as a token of our love and gratitude.

After this Jenifer Romina, the MC brought the event to a close by thanking all those present. The entire event was organized by the '360°-Student affairs committee' of LIBA.
